BINPAK®

Smart

COMPACTORS

REDUCE YOUR WASTE VOLUME

The **BINPAK Compactor** was designed to fix many of the common issues faced by businesses with high volumes of waste and limited space.

Business issues that BINPAK will help solve include:

- ✓ Unauthorized Access to Waste
- ✓ Insufficient Capacity
- ✓ Service Coverage Challenges
- ✓ Staff Safety
- ✓ Environmental Issues
- ✓ Liability and Property Protection Concerns
- ✓ Cost of Collection – Reduced Pickups

Upgrade to a **SMART BINPAK** for built-in online monitoring including text & email alerts for important updates like:

How full is my compactor?

When was it last emptied?

Will I make it to my next pickup date?

Can I reduce the number of lifts?

Does my compactor need maintenance?
